

Empty Handed (Kylee)

Verse 1:

D A
When did you know that nothing was right
G
Were you just happy to hide
G
Behind dreams and broken lies
D A
There's a crack in your perfect smile
G
That's been growing awhile
G
Did you think you'd go out in style
A D
With all that you know
A D
How long did you know

Chorus:

D A
You took me for granted
Bm G
I don't understand it
D A
Went looking for answers
Bm G
I came up empty handed
D A
But don't worry about me
Bm G
Cause i'm stronger than you think
Em Em
And i know it's a blessing
G A
I came up empty handed

Verse 2:

Can you be who ever you like
You just turn off the light
And fine yourself a different disguise
So you hide the scars you built over time
Do you think that i'm blind
You're still lovely on the inside

With all that you know
How long did you know

Chorus:

I'm done losing sleep
Cause i know i can do beetter
Nothing lasts forever, that's the way it is
I know that i'll find some peace
Cause i'm changing fo the better
Now that i know where my heart is

When did you know that nothing was right
Were you just happy to hide
Behind dreams and broken lies
With all that you know
Why didn't you just go

Chorus:
