Verse 1:
 The bright moonlight on your pretty face
 Brings out the love I've never known
 I like the way she makes me smile
 And all my time is not worthwhile, ohhh girl

Verse 2:
 I can't say I'll be the same
 I've never known no other way
 Life's different now, she showed me how
 To understand what's in a man, ohhh girl

(Instrumental)

Verse 3: La, la, la etc.
