

Love Who You Love

Capo On 2

Verse 1:

D
I should have stolen every moment
C
Now there's a page with not enough on it
G
Where we belong
D
I guess i'll never understand it
C
Why do we take it all for granted
G
Until it's gone
C
'Cause then it's gone

Chorus:

D Am
Love who you love, with all that you have
C Am
And don't waste the time that flies so fast
D Am
Love who you love and say that you do
C Am
Hold on as tight as they'll let you
Love who you love

Verse 2:

Give all you've got like it's your last Day
Your heart and soul before it's too late
And pull them in
So close enough that they can feel it
With every single breath that you're breathing
Breathe it in again and again

Chorus:
