Chorus:

Cadd9

I'm looking at you through the glass  
                                   D

Don't know how much time has passed  
                                   Em

Oh, God it feels like forever  
                   (Em                                  D)

But, no one ever tells you  
                                   Cadd9

That forever feels like home  
                                   D                                  Em (hold)

Sitting all alone inside your head

Verse 1:

D C

How do you feel, that is the question  
Em (Em D) (repeat 3 times)  
But, I forget, You don't expect an easy answer  
When something is like a soul becomes initialized  
And folded up like paper dolls and little notes  
You can't expect the bitter folks  
And while your outside looking in  
Describing what you see  
Remember what your staring at is me

Chorus:

Verse 2:

How much is real?  
So much to question, an epidemic of the mannequins  
Contaminating everything  
And if that came from the heart  
It never did, right from the start  
Just listen to the noises (No more silent voices)  
Before You tell yourself  
It's just a different scene  
Remember it's just different from what you've seen

Chorus: 2x

C	D	Em	Em
And it's the stars...the stars...that shine for you			
C	D	Em	Em
And it's the stars...the stars...that lie to you
