I'm looking at you through the glass  
Don't know how much time has passed  
Oh, God it feels like forever  
But, no one ever tells you  
That forever feels like home  
Sitting all alone inside your head
Strumming:   |1   +   2   +   3   +   4   +   |

Verse 1:

D                 C
How do you feel, that is the question

Em                    (Em  D) (repeat 3 times)
But, I forget, You don't expect an easy answer
When something is like a soul becomes initialized
And folded up like paper dolls and little notes
You can't expect the bitter folks
And while your outside looking in
Describing what you see
Remember what your staring at is me

Chorus:

Verse 2:

How much is real?
So much to question, an epidemic of the mannequins
Contaminating everything
And if that came from the heart
It never did, right from the start
Just listen to the noises (No more silent voices)
Before You tell yourself
It's just a different scene
Remember it's just different from what you've seen

Chorus: 2x

And it's the stars...the stars...that shine for you
And it's the stars...the stars...that lie to you

Chorus: 2x
